

TREMELL MURPHY (11-25-21 vs. Belmont)

Offensively, after a slow start in the 1st half where he didn't score a point, he went for 18 points, all in the 2nd half. He made his first being active on the offensive glass for a putback layup. Then he knocked down a transition 3pt shot on the following possession; those two plays got him going. The rest of the game, he got what he wanted on the offensive end, crashing the boards, getting out in transition, and knocking down shots from behind the 3pt line.

Defensively, he played hard and stayed aggressive throughout the game. He grabbed 9 rebounds in total, even though he had to guard a big most of the game. He showcased his athleticism with a spectacular weakside block.
