

Eric Gaines (LSU), 6'2 150lbs Guard (Film 3-12-21 vs. Ole Miss)

He had a series of beautiful assists, played his heart out on defense, and took advantage of the playing time.

Offensively, he was facilitating the rock and making play after play for his teammates. He threw a beautiful lob to his big man for an easy two-hand dunk, he threw a dime in transition to an open teammate for a wide-open 3pt attempt, and he had a great one-hand bounce pass off the dribble for a layup in transition.

Defensively, he played a phenomenal game. He had a very impressive block that came out of nowhere from the weakside, showcasing his athleticism. He showcased his lateral quickness as well when he drew an offensive foul called on the opponent for beating him to his spot. He also had a huge steal with 35 seconds left in the game.
