

Collin Gillespie (Villanova) 6'3" 190 PG (Film 1/23/21 vs. Providence)

Gillespie is as steady as they come. He knows the game and is always under control. He is a tough floor general who just makes the team better.

On offense he scored 15 while shooting 3/6 from three. He is a terrific shooter and is shooting 42.6% from three on the season and over 88% from the free throw line. Gillespie took care of the ball while finding his teammates consistently. He had 6 assists to just one turnover. He put pressure on the defense after his drives when he would post up. He can score out of the post or find cutters consistently.

On defense his footwork is sound and he is normally locked in. He constantly looks to take charges as he did twice (one got overturned since his foot was on the line). He is active off the ball as he was always ready. He was able to force a turnover after denying one pass, then another he deflected and he knows his rotations well.

Gillespie is a great college point guard and may be the Big East player of the year. My concern is how much better is he going to get? A knockdown shooter and great teammate who does all the little things always has a chance to be on any roster though.
