

### **Wendell Moore Jr.vs Texas Tech (March 24, 2022)**

Took and made a couple of really tough shots, but also missed a few ill-advised attempts. He drifted a little bit on some catch-and-shoot opportunities which caused some misses.

He wasn't afraid to get inside and battle for rebounds. He only ended up with four, but was in the mix often, showing some fearlessness and effort.

He showed great effort defensively, using quickness to get over the top of screens. He played himself out of position at times, but he fought to recover.
